

# KAYA STATS

## Outcomes of Youth Zone

"Kaya gave me a phenomenal insight into the work it takes to plan, organise and deliver a music festival. My role of hosting the stage and support the artist liaison really brought me out of my shell. I am usually very shy but through the support of Youth Cymru and the Kaya festival I have grown immensely in confidence and even began to apply for jobs that would usually be out of my comfort zone. It's a great festival with unlimited learning outcomes and opportunities for people like me! I can't wait till next year! - Kaya Volunteer, 19

"We really enjoyed the experience; it wasn't like anything else in the area that takes place. The food was great and the music was even better. It was great to see so many young people like us taking part. We were privileged to be invited to perform on the Youth Cymru stage and would be more than happy to participate again as they were extremely welcoming, supportive and encouraging. Thank you Youth Cymru and thank you Kaya" – AFB0B, performers
